Bear Beach Review Game!

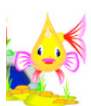

KEY

You stop to look at a butterfly.
Lose a turn.

You're a star! You may trade places with any one player.

You take a swim.
Lose a turn.

You're getting closer to the beach.
Move 2 spaces forward.

Mama Bear only has one last cup of bear beach's best honey smoothie. All of you bears will have to race to get it. Which bear will get to it first?

Getting Started: The youngest bear goes first. Play rotates to the left.

How to Play: The coach reads aloud one review question (Use any review list for any subject – or even different lists for each player!). If the player answers correctly without a hint, he rolls a die to see how far to move. If he gets it right with one or more hints, he moves forward one space. If he misses, he sits still and studies the answer. On his next turn if he can answer it correctly, he moves forward one space and then takes his normal turn.

The first one to get to FINISH gets the smoothie!

For more fun, serve smoothies to every player. Let the winner choose the flavor!
